## **Ah-Counter's Form**

# of Fillers Used	Speaker's Most Commonly Used Filler(s)
JH III	And's and so's

Please be mindful of the time and keep your report brief; you don't need to report on every single filler you heard, but instead summarize for each speaker. For example, your report on the example on the first line above can be: "Emi, you used 9 fillers tonight, most of which were and's and so's."
