

Officer Report
Maverick Executive Committee
VP Education: Liz Shaw, DTM

July 16, 2019

Status Summary

- 1 out of 6 required education awards achieved.

Progress

- Rotation is at 8 weeks, but that includes a speech-a-thon for Labor Day. Otherwise, rotation would be 7 weeks. Perfect!
- We only have 10 evaluators, so we are getting lots of practice to perfect our technique.
- Until we can get some of our newbies through their second project and into the evaluation rotation, it's still a great time for longer speeches if you're at level 3 or beyond in your pathway. You need to let me know before I schedule you for a speech to allow for the time

Areas in Need of Attention

- Help new members get up and running in Pathways. Margaret is going to be very challenged with Pathways. As soon as possible, she needs a patient mentor who will spend some time with her.
- Work with President to make sure educational awards are recognized and hyped at meetings to build excitement in all members for progressing in their programs.

Goals for Next Review

- Member interest survey.
