

Officer Report Maverick Executive Committee

VP Education: Liz Shaw, DTM

August 6, 2019

Status Summary

- 1 out of 6 required education awards achieved.

Progress

- Rotation is between 6 and 7 weeks.
- We still only have 9 active evaluators, so we are getting lots of practice to perfect our technique.
- Until we can get some of our newbies through their second project and into the evaluation rotation, it's still a great time for longer speeches if you're at level 3 or beyond in your pathway. You need to let me know before I schedule you for a speech to allow for the time.
- New member orientation packet completed and emailed out to officer group. No feedback received.
- Member interest survey sent out. Only 2 returned, 1 from an inactive member.

Areas in Need of Attention

- Work with President to make sure educational awards are recognized and hyped at meetings to build excitement in all members for progressing in their programs.

Goals for Next Review

- Member interest survey – printed versions once we have a budget.
